## Letter from the field

Hello this is Noah. I wanted to email you and thank you for the packages that you have been sending me. They have helped so much. Whenever I get a package from you I usually put it in our common area so that everyone can enjoy and they are quickly raided by the group. It's so nice to get mail from people I have never met and to know that someone back home is thinking of us over here. Mail is a luxury, and just to see my name on a package is like Christmas every time. Thank you so much truly, and thank everyone that has helped with the packages for me. From B-Co 2-3 Infantry First Platoon we thank you, because you have brought us much joy from your generosity.
